Robards's story begins in his childhood. He grew up in a wealthy family in Chicago, but his parents' marriage was unhappy. Robards's father was an alcoholic, and his mother was often depressed. As a result, Robards felt isolated and alone.

Robards began drinking at a young age. He found that alcohol helped him to feel more confident and sociable. But as he got older, his drinking became more and more out of control. He began to miss work, and his relationships with his family and friends suffered.

In 1970, Robards reached a breaking point. He was arrested for drunk driving, and his wife, Lauren Bacall, gave him an ultimatum: either get sober or she would leave him. Robards checked into a rehabilitation center, and he has been sober ever since.

*Jason Robards at the Old Place* is a powerful and inspiring story of redemption and recovery. Robards writes with honesty and humor about his struggles with alcoholism, and he offers hope to others who are struggling with addiction.
