This special issue of *Nightshade* is a collection of weird fiction by some of the most talented writers in the genre, including Laird Barron, John Langan, and Kathe Koja. These stories will take you to the dark corners of your mind and leave you gasping for more.

The stories in this collection are as diverse as the writers themselves, but they all share a common thread: they are all weird. They are strange, unsettling, and often disturbing. But they are also beautifully written and thought-provoking. These stories will stay with you long after you finish reading them.

If you are a fan of weird fiction, then you need to read this collection. It is one of the best collections of weird fiction that I have ever read, and it is sure to become a classic of the genre.
